

Monthly Business Report — July 2026

DevNix Watch Store | Performance & Analysis

Executive Summary

July 2026 showed moderate growth compared to June 2026. Revenue was Rs. 3.8 lakhs, down 16% from June due to the end of the Father's Day gifting season. However, the smart watch segment continues to grow, contributing 45% of total revenue. HMT Janata sales have been consistently declining for 3 months and the product is generating complaints about quality. Recommend reviewing this product line.

Customer Feedback Summary

30 customer reviews were received this month. Key observations:

Category	Positive	Negative	Key Insight
Product Quality	24	6	HMT Janata — 3 complaints about stopping
Delivery	18	2	2 late delivery complaints in Week 1
Packaging	22	1	1 complaint about damaged box
Customer Service	27	0	Excellent — no complaints
Value for Money	20	4	Budget segment customers expect more

Recommendations: 1) Discontinue HMT Janata — quality issues affecting brand reputation. 2) Increase stock of Fastrack Reflex 3.0 — consistently top seller. 3) Consider introducing a new smartwatch in the Rs 8,000–12,000 range — gap in product lineup. 4) Run end-of-month promotion on Timex Expedition to clear slow-moving stock.
